

915 Honor Heights Drive

2014

House has storm windows that can be installed located in the garage

Exterior and garage doors were painted.

Kitchen Cabinets were painted and counters replaced

Laundry plumbing was moved to a single location inside the home.

2016

New HVAC system installed.

2019

2020

Both bathrooms were gutted to the studs, excluding the floors. New showers and tubs were installed as well as the walls replaced. Vanities are new with new plumbing. Any damaged studs were replaced.

Hallway access was added for hall shower fixtures.

Additional drainage is being added to the backyard, This will help the existing French drain. Installation has been delayed due to all of the rain. Expected completion 6/12/2020.
